# 4. FIRST AID MEASURES

## **Description of first aid measures**

General advice

If symptoms persist, call a physician.

Eye contactImmediately flush with plenty of water. After initial flushing, remove any contact lenses and<br/>continue flushing for at least 15 minutes. Keep eye wide open while rinsing. If symptoms

	persist, call a physician.		
Skin contact	IF ON SKIN:. Wash with soap and water. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse. Immediate medical attention is not required. Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. If skin irritation persists, call a physician.		
Inhalation	Immediate medical attention is not required. If symptoms persist, call a physician. Move to fresh air in case of accidental inhalation of vapors or decomposition products.		
Ingestion	Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Call a physician. Do NOT induce vomiting.		
Self-protection of the first aider	Use personal protective equipment as required.		
Most important symptoms and effects, both acute and delayed			
Symptoms	May cause allergic skin reaction.		
Indication of any immediate medical attention and special treatment needed			
Note to physicians Treat symptomatically.			
5. FIRE-FIGHTING MEASURES			
<u>Suitable extinguishing media</u> Use, Use dry chemical, Carbon dioxide (CO2), Water spray (fog), Alcohol resistant foam			
Unsuitable extinguishing media None			
Specific hazards arising from the chemical Keep product and sources of ignition. Risk of ignition.			
Explosion data			

Explosion data Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None.

# Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

# 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

Personal precautionsUse personal protective equipment as required. Remove all sources of ignition. Evacuate<br/>personnel to safe areas. Keep people away from and upwind of spill/leak. Pay attention to<br/>flashback. Take precautionary measures against static discharges.Environmental precautionsSee section 12 for additional ecological information. Do not flush into surface water or<br/>sanitary sewer system. Prevent further leakage or spillage if safe to do so. Prevent product<br/>from entering drains.Methods and material for containmentAnd Cleaning upMethods for containmentPrevent further leakage or spillage if safe to do so.Methods for cleaning upEnsure adequate ventilation. Flood with water to complete polymerization and scrape off<br/>floor. Sweep up and shovel into suitable containers for disposal. Slippery, can cause falls if

walked on. Soak up with inert absorbent material. Dam up. Pick up and transfer to properly labeled containers. Take precautionary measures against static discharges.

Prevention of secondary hazards

Clean contaminated objects and areas thoroughly observing environmental regulations.

# 7. HANDLING AND STORAGE

#### Precautions for safe handling

Advice on safe handling Use with local exhaust ventilation. All equipment used when handling the product must be grounded. Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Use personal protective equipment as required. Do not breathe dust/fume/gas/mist/vapors/spray. Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapors).

#### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep container tightly closed in a dry and well-ventilated place. Protect from moisture. Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity). Keep containers tightly closed in a cool, well-ventilated place. Keep away from heat. Keep in properly labeled containers.
